## About the SCHOOL

ASASVM founded on 1996. The school has a vast expanse of land; which provides a perfect ambience for a diverse purpose aesthetically chartered school building.

# Late Doctor Anand Swaroop Arya Ji

Leading a school of ASASVM stature is such a privilege. It's a matter of pride and gives me immense satisfaction that the school is progressing in all its endeavors towards the overall development and personality of the students. Creating and supporting 21st century learners takes precise planning, dedicated perseverance, vision, strategy, and execution. We are proud to be a diverse, student- centered, socially engaged school offering a high-value education. We know that we transform and change lives and that our students succeed as they are among the best.

I firmly believe that education should foster confidence, discipline, clarity in thought and decision-making ability to set and achieve goals, and above all, social responsibility as a life-long process. The school is committed to inculcate in all its students, strong ethical values of integrity, politeness, kindness and respect for elders that lead to numerous and wide-ranging interests, coupled with energy, compassion, a love of learning and commitment to service.

ASASVM alumni are scholars, athletes, artists, musicians, scientist, poets, and actors who are being challenged to expand their horizons and to set their own goals and dreams. The unique pedagogy backed up with meticulously laid State-of-the- art infrastructure brings excellence in learning, training and placements. Our students are groomed to think out of the box and engulf articulation, innovation and team work. Curiosity, creativity, and critical thinking are inspired every day through our various curricular offerings.

The support I received from the faculty, students, staff, alumni, and friends of the school has been incredible. I extend my warm wishes to the GS, Principal, Staff and Students to continue this journey on the road of excellence

About Late Anand Swaroop Arya Ji

An Indian structural Engineer known for his Expertise in the soil and Foundation Engineering and Earthquake Disaster Management .He Was born at small Village(Ambheta)in Saharanpur U.P on 13 June 1931 .He secured a Doctoral Degree in 1961.He rose in Ranks to become a Professor and the Head of the Department of Earthquake, Engineering and finally the Pro-Vice Chancellor of the University.after his retirement ,He was made the Emeritus Professor of the I.I.T Roorkee.He was a former chairman of the Bureau of Indian Standards Committee on Earthquake Engineering and a recipient of the UNITED NATIONS SASAKAWA Disaster prevention Award of 1997.The Government of India awarded him the Fourth Highest Civilian Honour of the PadamShree in 2002

# WORDS OF WISDOM

## SCHOOL MANAGER

A pivotal role of education lies in shaping the personality of a child into a healthy mind and happy soul. The system of education should work as a catalyst in making each child a balanced human being having his core strengths embedded in the learning experiences emanating from our rich

socio-cultural roots.

Keeping this in mind, ASASVM is committed to provide quality education, engaging students in multifarious activities for their holistic development and exposing them to learning beyond books.

Each and every decision and action of the School's Governing Body is taken to meet and fulfill these beliefs.

Working on the policy of 'No Child Left Behind', ASASVM School leaves no stone unturned in taking each student in its stride.

In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect.

I extol the relentless efforts of our teachers in giving their best for bringing out the finest ability in each child.

I also exhort our students to be modest, humble, disciplined and dream big. While getting ready to expand horizons of their knowledge and skills as I personally believe that a dream doesn't become reality through magic; it takes sweat, determination and hard work

**Man Mohan Sharma**

Manager

# From the Desk of PRINCIPAL

We have evolved ourselves from merely being an education provider to an institute with latest global learning methodologies as the basic aim of education at ASASVM is physical, moral and intellectual development of our students. We at ASASVM very well understand that not all children are endowed with equal talent but we strive to provide an equal opportunity to all our students to develop, nurture and hone their talents. The learning model of the school optimally exploits the latest technological enablers and promotes experiential learning for the holistic development of its students. The ASASVM curriculum reflects our commitment to inclusive education with emphasis on training of mind to think as education is not merely learning of facts. Thus we equip our young brigade with ability to think logically, decisively and ingeniously.

As ASASVM is committed to excellence in education for more than 24 years so we have left no stone unturned and offer facilities and resources to our students to let them be at par with their contemporaries. The students here are provided with an experience of hands on learning in the Science Labs and English Language Lab.

ASASVM is a guiding light for those in quest for the best in schooling as we are dedicated to prepare our learners with exceptional ability of self – exploration and development that enables them to uphold the unpredicted challenges of life and become successful individuals.

**Amardeep Singh**

Principal

# VALUES

Our vision at **Anand Swaroop Arya Saraswati Vidya Mandir School** is to empower students to acquire, demonstrate, articulate and value knowledge and life skills that will support them, as lifelong learners, to participate in and contribute to the global world and practise the core values of the school. We seek to build global citizens- ones who are not only the academic achievers but also skilled in managing life, imparted with modern technology and experiential learning. We also seek to ensure that whilst the horizons are richly stretched as above, the young personalities remain rooted in a strong value system embedded into their construct. It is our vision to inspire excellence, cultivate character, and empower engagement locally and globally. We believe in ingraining an integrity of character with a compassion for the community and the environment. We believe in developing creative and innovative individuals dedicated to solving problems and contributing to public good.

01

To embark on a journey of education by giving qualitative education through learning by doing and exploration.

To imbibe strong Indian cultural and moral values in students.

02

To develop student centered attitude with core values.

03

To empower students with ability to think rationally.

04

To create socially responsible global citizens.

05

To instill in students values such as upholding the constitution, teamwork and excellence.

06

“Every class has a room to  
**Groom** the Generation”

# THE ROOM FOR LEARNING

Teaching – learning process is benefitted through appropriate audio-visual aids, digital enforcement and proper integration and collaboration techniques that establish a vibrant and dynamic environment in the classrooms. The learning process is further synergized by hands-on experience in the well equipped and suitably designed Science labs, Language Lab and Digital-Library.

As the school works on Howard Gardner's *Theory of Multiple Intelligences*, it treats every student as a unique individual and provides a wide range of facilities in sports and creative arts to suit their diverse personalities.

*Leadership is not about the next election,  
it's about the next **Generation.***

## Several Facets of Learning for students

- LSEP (Life Skills Enhancement Programme): Prepares a child to face challenges of life.
  - AEP (Adolescent Education Programme) – Promotes and develops healthy attitude and skills to enable the student to respond to real life situations in positive and responsible ways.
  - Trips & Tours – Contribute in developing a greater taste, higher levels of tolerance for art and culture and increased historical empathy.
  - Sensitization Programmes – Make student empathetic and responsive to ideas, events, situations, phenomenon with social receptivity.
  - Career Counseling
  - Seminars – Provide latest updates in various fields as a part of curriculum integration programme.
  - Workshops – Upgrade focused thinking by revisiting, revising and refining.
  - 360° Feedback System (SAMPARKS) – Develops positive communication between parents and all the stakeholders to improve academic performance of the child.
- Aptitude Tests
- Vocational Skill enhancement guidance to overcome the achievement gap.
  - Educational & Recreational Visits – To educate in a fun bonding experience where everyone is involved.

*The greatest discovery of my **Generation** is that a human being can alter his life by altering his attitudes.*

## LABORATORIES

We at ASASVM, have a state of art fully equipped science laboratory for efficiently teaching chemistry, physics and biology. Each lab also contains a modern interactive whiteboard with internet connectivity to enable the use of a wide range of resources to compliment the practical work.

These labs have a desk area for class teaching, and bench space for practical work. The bench areas have a full range of services fed from flexible overhead or floor-level service points. This arrangement allows great flexibility both in terms of room layout, and in use of time, with the transition between practical and theoretical activity able to be made very quickly.

Safety is paramount, that is why our labs adhere to all prescribed guidelines, ensuring that the labs are equipped with all necessary safety features. We have a dedicated preparation area and on-staff lab technician to offer teachers and students support with their practical work and with safety-related issues.

*Good **Grooming** is integral and impeccable style is a must*

## COMPUTER LAB

The Computer Lab is a well designed digital lab with sufficient systems for providing hands on experience to students from Class I to Class XII. The lab is very spacious and air conditioned and has around 40 computers to help students to learn computers individually. The lab has systems with latest windows operating system that makes students very comfortable for practicing.

Computer Aided Learning (CAL) packages are specially designed to make learning more interesting and this leaves an indelible impression on the student's mind. The Internet facility enables the students to draw the latest information from Computer networks all over the world in proper supervision of the computer teacher.

# INNOVATIVE PRACTICES IN SCHOOL

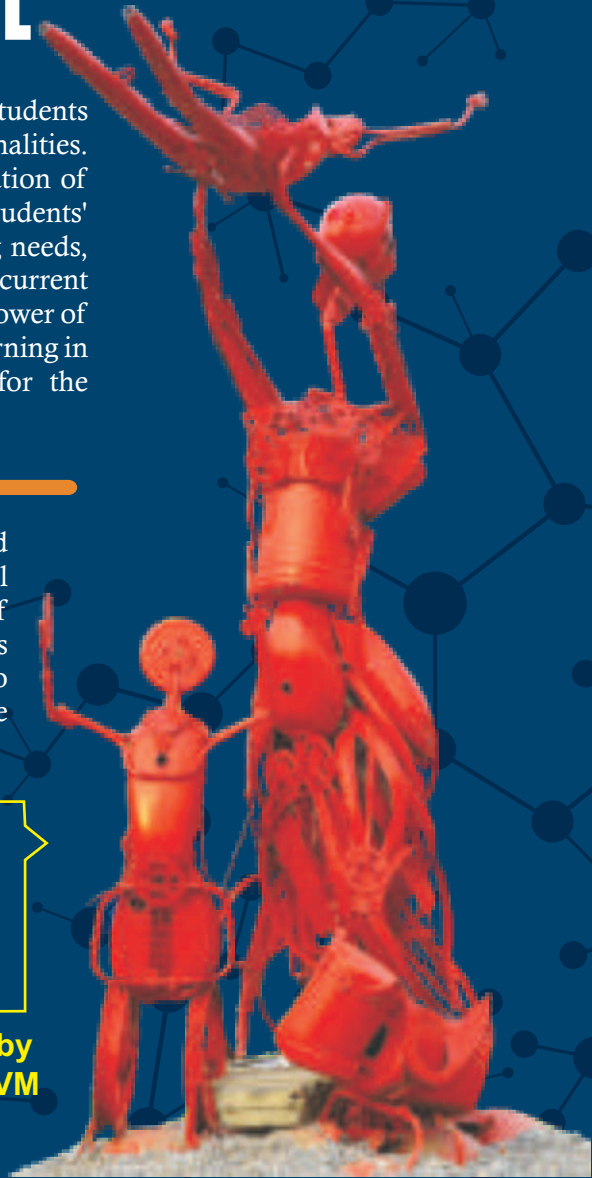

The classroom is a dynamic environment, bringing together students from different backgrounds with various abilities and personalities. Being an effective teacher therefore requires the implementation of creative and innovative teaching strategies in order to meet students' individual needs. This means addressing students well-being needs, providing curricula and learning outcomes appropriate for current and predicted future skills requirements, and embracing the power of Information Communication Technology (ICT) to deliver learning in an innovative way, so that students are fully prepared for the challenges and opportunities they will face in the future.

## ATAL TINKERING LAB

The school takes pride to be the first and foremost in the region for the successful conceptualization and implementation of its ATAL TINKERING LAB that showers our future Einsteins with opportunities to explore, innovate, invent by being in the close proximity of nature.

**Mother**  
The most  
powerful  
creation

**Created by  
Team ASASVM**

# Key strategies and initiatives for Innovative learning

## Cooperative Learning

In ASASVM we are solving mathematical puzzles, conducting scientific experiments and acting out short drama sketches are just a few examples of how we are practicing cooperative learning into classroom lessons.

## Technology Classrooms

Use of audio-visual aid in teaching leaves the children retaining their knowledge and learning becomes more effective as seeing is believing. Each classroom of our school is equipped with smart board to help students learn every notion in the best possible way. Well-planned modules, worksheets and exercises prearranged in the smart board provide an effective learning atmosphere for the students.

## Inquiry-Based Learning

Inquiry-based learning is one of the most powerful teaching strategies in our classrooms because students learn best when they construct their own meaning. Inquiry-based learning triggers student curiosity. Teachers act as facilitators during the inquiry-based learning process.

# Holistic Development

ASASVM is one of the very few schools that have implemented a co-scholastic policy. There is an annual evaluation on a scale of 5. ASASVM lays special emphasis on sports activities to allow students to imbibe the sportsmanship spirit. We have a sports club and well equipped for the learners to grow in basketball, athletics, yoga, volleyball, table tennis, cricket, football, skating, and aerobics.

They have other clubs and societies in chess, mock parliament, music, art, theatrics, literature, photography, crafts and pottery, math, science, and dance. The clubs are always engaged and strive in getting better and bigger each year.

# KIDZ Zone

Kidz Zone is a well equipped, specially designed play area for the development of fine and gross motor skills along with eye-hand coordination in children as playing with peers helps in the holistic growth of our preprimary and primary energy bubbles.

“*Sport Inspires*  
**Generation Next.**”

**ASASVM**

# SPORTS Academy

At ASASVM, our students experience happiness, peace and enjoy an energetic and enthusiastic lifestyle through a variety of physical fitness programmes. The multipurpose and enormous school playground serves as a platform for basketball, volleyball and badminton courts and not only that, it's a hub for our beyond curricular activities as exhibitions, carnivals, annual day, sports events and so on. Our Taekwondo team has won us a number of trophies at state and national level championships with the display of its greater coordination and discipline.

# MUSIC Zone

Here in ASASVM, we emphasize on letting the learner follow his/her learning pattern and also help them understand and respect their learning style. We want to create lifelong learners, on the basis of projects and a number of other activities with an emphasis on collaboration and cooperation rather than competition.

We let foster exploration and discovery using a variety of resources in order for children to learn about themselves, other people and the world around them. We have activities and courses planned where the learner get to learn about healthy relationships and prosocial behavior, improve social and emotional development, increase resilience and to see beauty, have awe, experience excellence, and appreciate.

We make sure that the learners at our school are not only in-par with academics, but they are also well equipped with facing situations, resolving them, analytical thinking accepting people from all walks of life, ethnicity, and brotherhood.

“

*Music is the movement of sound to reach the soul for the education of this*  
**Generation**”

# Events

The school organizes several inter- school competitions, exhibitions, carnivals and celebrates various festivals. Students and parents can find an events calendar published on the website.

- Exhibitions — Science/ Social Science/Mathematics/ Art & Craft
- Graduation Ceremony of Pre- Primary
- Grandparents Day
- Mother's Day
- Aesthetic Receptiveness - Celebration of festivals/Special assemblies/Special week/day/camp/Annual Concerts
- Sports Day

# Transport

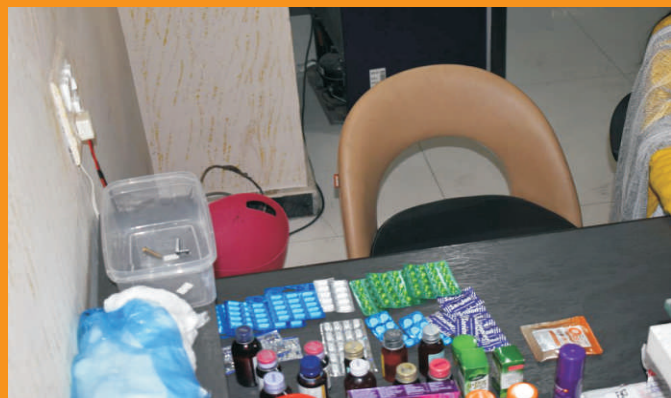

A GPS enabled Transport System installed in all our buses ensures the security and safety of students. All our buses are equipped to ensure fire safety system as well as first-aid kit in case of emergency.

Only the experienced and qualified drivers are appointed by the school to take the learners safely from home to school and vice-versa after making them undergo a driving test. To avoid rash driving we have installed speed- governors in the buses.

On days of stay-backs, dedicated buses are made available to carry the students home. We also have back up buses in case of a replacement. In such situations the back-up buses are sent immediately

# Medical Care

The medical room at ASASVM is well equipped with all the necessary first aid and primary medical care equipment. The school has an experienced and well qualified in-house doctor who is available at all times during the school hours.

In the case of more serious ailments or injuries, the parents/guardians are immediately informed by the school. The students are treated in consultation with the parents regarding medicines, diets, allergies, etc.

The school also has its own Ambulance service available 24x7 on campus in case of an emergency.

# Security

The school building is under CCTV surveillance and all of its strategic locations are monitored 24x7 for security purpose.

A GPS enabled Transport System installed in all our buses ensures the security and safety of learners.

- Professional Security and Guards.
- Washrooms are being supervised by lady attendants.
- Presence of lady attendants in each school bus.
- Committees as per CBSE direction : Anti Bullying, Anti Sexual Harassment, Disciplinary, Safety & Security Committee.
- Restricted entry within the campus.

# Smart Campus

At ASASVM, we believe in being on par with the current technology and follow the best practice for curriculum delivery, assessment and educational outcomes.

We have a high tech computer lab with updates software and efficient RAM. We also have High speed internet link, dedicated ERP School Management System, state-of-the art Interactive Whiteboards and TV panels in all classrooms , several specialist ICT labs including air-conditioned Robotics, computer Labs both for primary and high school and advanced adobe software for Art & Design rooms.

“We need to **Groom** the values that are important for future **Generation**”

**Strive for progress,  
not perfection.**
